

Website MOT Report

Hopesay Parish Council

Date: 23rd April 2026

As part of our ongoing commitment to helping you maintain a website that is accessible, user-friendly, and up to date, we've carried out a Website MOT to review overall performance, layout consistency, and compliance with accessibility standards.

We're pleased to report that the site is performing well in several key areas. Below, you'll find a summary of our findings along with some recommendations, should you wish to explore further enhancements.

Accessibility Check

- WCAG AA Compliance: Pass
- WCAG AAA Compliance: Pass

Accessibility Check

- This has been updated to show that the site is and any new content added will be WCAG 2.2 AA compliant

Reminders:

- All text must not be copied and pasted, otherwise it will be out of style and need to be reformatted.
- All images must be uploaded (not copied and pasted) and must include appropriate alternative (alt) text.
- Heading styles should follow a consistent format:
 - Use **H4** for Text headings or Sub headings or Peoples names or titles etc
 - Use **H5** for page headings
 - Use **H6** for links to documents or external/internal web pages

Note: For best practice any posters used throughout the site would link to a PDF for accessibility purposes. This will also apply to any informational images used on this website.

Page-by-Page Summary

Home Page

- Some reformatting has been applied to text that had been cut and pasted.
The link to Report | Shropshire Council was NOT set to open in a new window – this has been resolved.
All the single word links on the left hand column have been expanded.

The Council

- All single line links have been expanded.
Picture moved to the right hand column for better responsiveness on smaller devices.

Website Design | Surveys | Graphic Design | Data Backup | Training & Support

Finance

- All links checked to ensure they open in a new window down to the years 2021-2022. All these links were good so assume the rest of the years are the same but it may be prudent to check.

Documents

- All links checked and all are set to open in a new window.

Assets

- This page is empty. If it is not going to be populated then it should be deleted.

Contact Us

- OK

Overall, the site is extremely well maintained.

It is however quite dated now so could benefit from a refresh. If this is something you would like to discuss with us at any point, please do let us know.

Warm regards.
VisionICT
